

### MastMinder PT1000 Temperature Sensor data sheet

**SENSING ELEMENT**

: 1 x PT 1000  $\Omega$   
2 wires  
according to IEC 751 standard

**WORKING TEMPERATURE**

: 0° +100°C

**TIP**

: Ø6 35 mm-long PA6 resin  
Leaktight overmoulding

**CABLE**

: 2000 mm long  
: 0.22mm<sup>2</sup> section flexible conductors

**Insulated conductors** : PVC  
**External insulation** : PVC  
**Continuous working conditions temperature** : 105°C

**Complies with RoHS**
